### INTERNATIONAL MATHEMATICAL RESEARCH PRIZE

Ferran Sunyer i Balaguer (1912-1967) was a self-taught Catalan mathematician who, in spite of a serious physical disability, was very active in research in classical Mathematical Analysis, an area in which he acquired international recognition. Each year in his honour the Ferran Sunyer i Balaguer Foundation awards an international mathematical research prize bearing his name, open to all mathematicians. This prize was awarded for the first time in April 1993.

### CONDITIONS

- The prize will be awarded for a mathematical monograph of an expository nature presenting the latest developments in an active area of research in Mathematics, in which the applicant has made important contributions.
- The monograph must be original, unpublished and must not be subject to any previous copyright agreement, written in English, and of at least 150 pages. In exceptional cases, manuscripts in other languages may be considered.
- The publication is subject to the usual regulations concerning copyright and author's rights of the series.
- The submission of a monograph implies the acceptance of all of the above conditions.
- The name of the prize-winner will be announced in Barcelona in April, 2019.

### Submission of monographs and information

Monographs should preferably be typeset in TeX. Submissions must be sent telematically using the form available at [www.ffsb.cat/prize](http://www.ffsb.cat/prize), with the monograph attached as a pdf file.

Submissions must be sent before November 30, 2018 at 1 pm.
